

Weekly Report

4/18/2016-4/24/2016

Work

- Finish Computation Theory exams.
- Prepare a speech for AMTG representation.
- I spend the weekend time writing a Monte Carlo Path Tracer program for Computer Graphics. However, the program need another several days to complete.

Plan for next week

- Prepare for Speech.
- Do a survey on Dataiku as soon as possible.
- Complete assignments of Computer Graphics and the paper translation of Computer Mathematics.
- Begin to prepare files for patents
